let’s go on an adventure!

2016
06/29~
08/10
Exploring the Nature of Taiwan

Sponsored by Ministry of Education, Taiwan, the School of Forestry and Resource Conservation of National Taiwan University is offering the “Taiwan Nature Treasure Map Program” for young people. This program is 5-week long which includes 1-week training courses and 5-week on-site internship at a selected Experimental Forest, Forest Recreation Area or National Park. This program provides you a great opportunity to learn more about the natural history of Taiwan and explore the subtropical and tropical ecosystem by yourself. You will work with local rangers and gain hands-on experiences. Additionally, we love to see you sharing your Taiwan experiences to friends and family!

Cost
There is no program fee, but you need to pay for your own travel expenses, food (about USD 600) or any personal activities. Free accommodation will be provided at the internship sites. Limited number of homestay might be possible during the orientation and closing ceremony in Taipei. However, if you need to stay in the hotel, you have to pay for it.

Scholarship
Up to NTD 15,000 (about USD 450) will be granted after you finish the whole program.

Apply online:
http://treasuremap.tw

Applicants
International young people. English speaking aged from 20 to 30. With a background of natural science, recreation/tourism or communication/journalism is preferred. With the skill of photo taking, video making, or storytelling is preferred.

Program structure
3-day orientation (6/30-7/2) + 5-week internship (7/4-8/8) + 1-day closing ceremony (8/10)

Responsibilities
- Working with local rangers: including English documents proofreading, English teaching, English interpretation, or natural resources survey (about 3-hour per day).
- Weekly observation records: Producing your own Taiwan natural or cultural experiences weekly (with the form of article, photo or video clip) to post on your FB or Twitter and the program website/FB.
- Taiwan Nature Treasure Map (team work): Creating a treasure map of the internship site at the end of the program.
